

Special Trait 1

Using sake lees and organic ingredients native to Kyoto

Made in a sake brewery with a history of 300 years in Kyoto

* A combination of sake lees extract and organic soybean seed extract native to Japan.

Two beauty ingredients that give your skin moisture and firmness.

*A fermented ingredient of rice extracted to make sake.

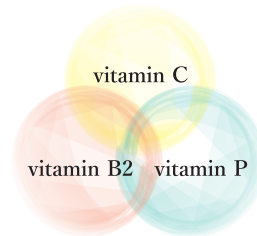

Special Trait 2

Contains 3 vitamins (vitamin C, vitamin B2, vitamin P)

Contains vitamin B2, which is one of ingredients of "yellow cosmetics", vitamin C derivative, and vitamin P, which supports the power of vitamin C derivative.

Vitamins are rich in enzymes and amino acids, leading to moisturized and clear skin.

Special Trait 3

Free from 4 kinds of additives

No parabens, ethanol, synthetic colorings or fragrances.

Special Trait 4

Uses natural aroma

High healing effect of natural grapefruit aroma refreshes your mood.

A new era of evolutionary cosmetics produced in Kyoto

都潤美人®

AVANT BEAUTY

The birth of Kyoto Cosmetics "Miyako Jun Bijin"

"Miyako Jun Bijin Cosmetics" was produced in 1993 at a cosmetic factory in Kyoto.

We would like to awaken the skin infinite brilliance that each person has ...

We hope our product can reach everyone all over the world

and bring them happiness ...

With that in mind, we made "Miyako Jun Bijin Cosmetics" with all our heart and soul,
from raw materials selection to development.

4 Special Traits of Miyako Jun Bijin Cosmetics

Miyako Jun Bijin basic cosmetics are particular about "moisture" and "bright skin".

Miyako Jun Bijin Cosmetics has been developed

with a focus on 4 special traits to keep the skin's

most important moisture for a long time and to make it shine beautifully.

Miyako Jun Bijin Liquid Double Cleansing Wash

A cleansing ingredient derived from natural palm gently removes makeup stains, dead skin cells, and sebum, leaving the skin clear, moist and soft. You can cleanse and wash your face with only this one product.

【Main beauty ingredients】 Sake lees extract, vitamin B2, vitamin C derivative, vitamin P, soybean seed extract, and AHA ingredients (lactic acid and citric acid)

【Usage guide】 3 to 4 pushes

【Capacity】 150ml

【Estimated usage】 1 month to 1 and a half months

【How to Use】

Please use with dry face and hands. Take an appropriate amount and massage it over the entire face to remove makeup stains. Then rinse with water or lukewarm water.

Miyako Jun Bijin Moist Serum Lotion

A beauty essence lotion containing 3 vitamins and 13 types of amino acids. It quickly penetrates the skin and keeps it moisturized for a long time.

【Main beauty ingredients】 Sake lees extract, vitamin B2, vitamin C derivative, vitamin P, soybean seed extract, and 13 types of amino acids

【Usage guide】 Two large size of 500-yen coins

【Capacity】 100ml

【Estimated usage】 1 month to 1 and a half months

【How to Use】

Please use for clean skin after washing your face. Take plenty of lotion on the palm or cotton and apply it to the entire face. It is effective to use it repeatedly in places where dryness is a particular concern.

Miyako Jun Bijin Moist Serum Gel

A beauty serum gel containing 3 collagens, 2 hyaluronic acids, and elastin. Moisturizes the skin and keeps it firm and fresh for a long time.

【Main beauty ingredients】 Sake lees extract, vitamin C derivative, vitamin B2, vitamin P, soybean seed extract, double hyaluronic acids, triple collagens

【Usage guide】 2 to 3 pushes

【Capacity】 50g

【Estimated usage】 1 month to 1 and a half months

【How to Use】

Take the gel on your palm and apply it to your entire face. It is effective to use it repeatedly in places where dryness is a particular concern.
